

VARDHMAN INDUSTRIES (REGD.)

MANUFACTURER & WHOLESALERS DEALS IN: ALL KINDS OF DONA PAPER PLATES

ALL KINDS OF PAPER PLATES & Slipper MACHINERY & ALL ITEMS

EMAIL ID: VARDHMANINDUSTRIES93@GMAIL.COM

PH. 9599311426

ISO CERTIFIED COMPANY

PAN NO:AAUFV0365M

ADD-74, first floor SHISH PARK, DICHAON ENCLAVE, NAJAFGARH-110043

PROJECT REPORTS

- 1.) We are proud to introduce you about our small scale industry and Our Product i.e, every kind of "Dona and Paper plates" Which helps you to earn good income yourself without any tension at your door step.
- 2.) We are Manufacturer and whole_sale Supplier of disposable Dona and Paper Plates in Various Varieties and sizes with the Brand name of "VARDHMAN INDUSTRIES" in the market. which is used in Function and Parties etc..
- 3.) Due to Good/ High Consumption of Dona and Paper Plates in the Market, the future of these small scale business/industries are very bright and due to high consumption of Dona and Paper Plates in Market , We required some people (JOB WORKERS) to do job work for us.
- 4.) For this job work, We will provide you 10 -50kg big Rolls of Paper (Which called Raw Material) through transport and the expenses for both sides will be beard by the company. So you have not to face any kind of problem during vice-versa of Material.
- 5.) You have to convert Dona and Paper Plates from that Material and return to us, for which we will pay you conversion charges Rs. 350/- to 550/- per 1000pcs cash or through your bank account and again Raw Material will provide same day after received prepared goods and payment of your prepared goods will be paid same day
- 6.) . You can earn minimum Rs. 15,000/- to 100000/- per month (its depends on your machine and its production) in your 8 hours schedule after excluding your all
- 7.) expenditure such as electricity, rent, labour etc. Different Sizes rooms are required for different sizes/costs machine and the cost of different machines and required space is given below with picture..

8.) Anyone can start this business Dona & Paper Plate Making Machine and the minimum cost of the success machine is Rs.85,000/- and for installation it required minimum 10x10 feet rooms as well as single phase (Domestic Light) to the machine. To operate this Machine required One Operator and One helper only.

9.) To start this small scale Business/Industry , you have to arrange / Purchase one dona ,paper plates making machine. Then we will provide you raw material after sign the agreement with us. According to the agreement our company will be bound to provide you Raw Material Properly & also to take back the finished goods from you till the expiry of the agreement & if you are willing to continue then this agreement will be renew.

10.) If you opportunity to purchase this machine from us, we will arrange better and successful machine for you with packing, fitting and training.

For this, as per the process, in the beginning, you have today / deposit token money i.e . 10% payment of total amount (Machinery cost) in our company bank account (which will be adjust in final payment).

11.) Then will be pass you order to manufacturer and it will take 2-3 days to reach our office, then we will inform you & you have to deposit 75% payment to total amount (including token money) in our company bank account then within 4 days you will get Machine with our Raw Material at your doorstep or at your nearest Transport office and you have to pay the transportation charge of machinery only.

12.) Then after receiving the machine you have to deposit balance payment 25% + GST payment of Machinery in the same bank Account then we will send a supervisor for installation & for proper training to operate and maintain you machine and you have to make arrangement for the stay & meals of supervisor / mechanic during training period

13.) In the duration of training period you don't have to pay any amount to supervisor / Mechanic. Our Trained Technician will give you the complete training for making the finished products. You have to provide him accommodation at you station.

14.) We would like to suggest you that now if you are willing to work with us so in the beginning start this business at small level and after the satisfactory response in each and every manner from our site then only increase this business step by step.

PROJECT -1

Semi automatic (single Die) Machine

Plant Cost : Rs. 50,000/-(GST EXTRA)

Modal No :VI800DM/ 2021

Machine Consists : One Semi Automatic Single Die Machine (With 6 inches Die)

Required space : 8x8 Room

Profit : Rs. 350/- , 450/-, 550/- per 1000 pcs.

Man power :one person required Machine Size :B-22inch, L-3.5 fit, H-3.5 fit.

Electricity : : Domestic (single phase) 300 unit per (PER MONTH) production :4,000 pcs. (in eight hours)

Cost of Raw Material : Rs. 100/- per kg

(if lost or destroyed at your place, you have to pay) Agreement : 1 to 5 years (its depends on you)

PROJECT – 2

SEMI AUTOMATIC (DOUBLE DIE) MACHINE

Plant Cost : Rs. 80,000/- (GST EXTRA)

Modal No :VI801DM/ 2021

Machine Consists : One Semi Automatic Double Die Machine (With 6 inches Two die)

Required space : 8x10 Room

Profit : Rs. 350/- , 450/-, 550/- per 1000 pcs.

Man Power :Two person required Machine Size :B-22inch, L-5.5 fit, H-3.5 fit.

Electricity : Domestic (single phase) 600 unit per (PER MONTH) production : 8,000 pcs. (in eight hours)

Cost of Raw Material : Rs. 100/- per kg

(if lost or destroyed at your place, you have to pay)

Agreement : 1 to 5 years (its depends on you)

PROJECT-3

FULL AUTOMATIC SINGLE DIE ROLL MACHINE

Plant Cost : Rs. 85,000/- (GST EXTRA)

Modal No :VI802DM/ 2021 Machine Consists : One fully Automatic

Single Die Machine (With 6 inches Die) Required space : 10x10 Room

Profit : Rs. 350/- , 450/-, 550/- per 1000 pcs.

Man power :one person required Machine Size :B-22inch, L-3.5 fit, H-3.5 fit.

Electricity : Domestic (single phase) 350 unit per (PER MONTH) production : 8,000 pcs. (in eight hours)

Cost of Raw Material: Rs. 100/- per kg

(if lost or destroyed at your place, you have to pay) Agreement : 1 to 5 years (its depends on you)

PROJECT-4
FULL AUTOMATIC DOUBLE DIE ROLL MACHINE

Plant Cost : Rs. 140,000/- (GST EXTRA)

Modal No :VI804DM/ 2021 Machine Consists : One fully Automatic Double Die Machine (With 6 inches Two Die) Required space : 12x12Room

Profit : Rs. 350/- , 450/-, 550/- per 1000 pcs.

Man power :Two person required Machine Size :B-22inch, L-5.5 fit, H-3.5 fit.

Electricity : Domestic (single phase) 700 unit per (PER MONTH) production : 16000 pcs. (in eight hours)

Cost of Raw Materia : Rs. 100/- per kg

(if lost or destroyed at your place, you have to pay) Agreement : 1 to 5 years (its depends on you)

Project-5
Full automatic crank machine

Plant Cost : Rs. 110000/- (GST EXTRA)

Modal No :VI805DM/ 2021

Machine Consists : One Fully Automatic single die crank

Die Machine (With 6 inches one Die) Required space : 10x10 Room

Profit : Rs. 350/- , 450/-, 550/- per 1000 pcs.

Man power : one person required Machine Size :B-29inch, L-5.5 fit, H-5.5 fit.

If required digital meeter then extra you have to pay RS.10,000 (gst extra)

Electricity : Domestic (single phase) 500 unit per (PER MONTH) production : 10,000 pcs. (in eight hours)

Cost of Raw Material : Rs. 100/- per kg

(if lost or destroyed at your place, you have to pay)

Agreement : 1 to 5 years (its depends on you)

Project-6

Double die full automatic crank machine

Plant Cost : Rs. 190,000/- (GST EXTRA)

Modal No :VI806DM/ 2021 Machine Consists : One fully Automatic

Double Die Machine (With 6 inches Die) Required space : 12x12 Room

Profit : Rs. 350/- , 450/-, 550/- per 1000 pcs.

Man power :Two person required Machine Size :B-50inch, L-5.5 fit, H-5.5 fit.

Electricity : Domestic (single phase) 1000 unit per (PER MONTH) production : 20,000 pcs. (in eight hours)

Cost of Raw Material : Rs. 100/- per kg

(if lost or destroyed at your place, you have to pay) Agreement : 1 to 5 years (its depends on you)

Project-7

Single die semi automatic hydrolic machine

Plant Cost : Rs. 130,000/- (GST EXTRA)

Modal No :VI807DM/ 2021 Machine Consists : One fully Automatic Double Die Machine (With 8 inches Die) Required space : 8x8 Room
Profit : Rs. 350/- , 450/-, 550/- per 1000 pcs.
Man power :one person required Machine Size :B-25inch, L-4.5 fit, H-2.5 fit.
Electricity : Domestic (single phase) 500 unit per (PER MONTH) production : 4,000 pcs. (in eight hours)
Cost of Raw Material : Rs. 100/- per kg
(if lost or destroyed at your place, you have to pay) Agreement : 1 to 5 years (its depends on you)

Project-8
Semi automatic double die hydrolic machine

Plant Cost : Rs. 180,000/- (GST EXTRA)
Modal No :VI808DM/ 2021 Machine Consists : One fully Automatic Double Die Machine (With 8 inches Die) Required space : 8x8 Room
Profit : Rs. 350/- , 450/-, 550/- per 1000 pcs.
Man power :one person required Machine Size :B-30inch, L-4.5 fit, H-2.5 fit.
Electricity : Domestic (single phase) 500 unit per (PER MONTH)

production : 8,000 pcs. (in eight hours)

Cost of Raw Material : Rs. 100/- per kg

(if lost or destroyed at your place, you have to pay) Agreement : 1 to 5 years (its depends on you)

Project -9

slipper making machine **Price(INR):** Rs. 150,000.00 (GST EXTRA)

Product Description

We are offering an extensive gamut of Slipper Making Machine which is best suited for sing color PVC/TPR/TPU footwear, especial for PVC air-blow footwear/ Slipper. The offered range is meticulously tested on several quality parameters. Comes in several specifications, this machine is manufactured by utilizing the latest technology. This Hawaii Chappal Making Machine is having a feature like powerful clamping force, no pressure leakage, independent circuit system to provide strong injection pressure and flow, superb quality and efficiency guaranteed.

Product Details:

- 1) Production Capacity : 4000 Chappal per in 8 hours
- 2) Frequency : 50/60 Hz
- 3) Automatic Grade : Semi-Automatic
- 4) Material : Mild Steel
- 5) Power Source : Electric
- 6) Electricity: Domestic (single phase) 400 unit per (PER MONTH)
- 7) Raw Matrial cost : RS. 500 per sheet
